- Tout déplacement du bornier (montage encastré/saillie) doit se faire après avoir dévissé complètement toutes les vis.
- Elke verplaatsing van het aansluitblok (in-/opbouwmontage) mag enkel gebeuren na het volledig uitschroeven van alle schroeven.
- Every move of the terminal block (flush-mounting/surface-mounting) is to be carried out with all screws completely loosened.
- Jede Bewegung des Klemmenblocks (Unterputz-/Aufputz-Montage) muß nur ausgeführt werden, wenn alle Schrauben ganz gelöst worden sind.
- Cualquier desplazamiento de las bornas (montaje empotrado o saliente) debe hacerse después de desatornillar completamente todos los tornillos.
- Ogni spostamento del morsetto (montaggio ad incasso o sporgente) deve essere eseguito dopo avere svitato completamente le viti.
