

Turbo cutter MULTI 4000

Cutter head MULTI 4000

- high cutting power
- precise cut for circular drilled holes
- high radial runout accuracy

Order number:	1083-09
EAN:	4013456250604
Cut hole Ø	68 mm
Depth of cutting hole	36 mm
with plate ejector	Yes
Dispatch	5

MULTI 4000 turbo cutter for faster cutting speeds, due to new geometry with especially high endurance in three different sizes. Advantages compared to previous model (MULTI 2000):

- 40% faster due to new cutting geometry
- 20% higher endurance than conventional cutters
- With countersink hole cutter and plate ejector
- Cutting diameter 35 mm/68 mm/74 mm
- Specially for plasterboard, softwood/plywood boards
