

Wire-pull casings

Extra-large flush-mounted junction boxes

- for device screws \varnothing 3.5 mm
- max. tightening torque 0.8 Nm

Order number:	9917.21
EAN:	7611614261775
Length	400 mm
Width	300 mm
Depth	220 mm
Tube entries up to M25	24
Tube entries up to M32	20
Tube entries up to M40	20
Tube entries up to M50	12
Tube entries up to M63	4
Extensive pull-out apertures	10
Intake for Prefix	6
Number of nails	8
Dispatch	5

KAISER wire-pull casings ensure expert cable routing through conduit networks. According to DIN 18015-1, conduit lengths of more than 15 m and with more than two bends require wire-pull casings that allow cables to be added or retrofitted at any time. Wire-pull casings provide multiple conduit entry options and maximum free space to ensure a continuous cable network, including with subsequent changes to the electrical installation.

- Quick and secure installation using pre-inserted nails
- Clean stripping where exposed concrete is required
- High dimensional stability, no internal support required
- Multiple conduit entry options
- Stackable
