

Product Data Sheet

DX23225R

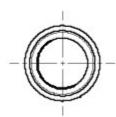

FK Range

Pliable protective conduit system FKHF range, made of PP: classification 2322, available in seven diameters, from 16 to 63 mm, with or without cable puller. Suitable for electrical system and/or data transmission. Suitable for flush mounting installation in floors, walls and ceilings or buried in concrete. Certified Halogen Free in compliance with EN 60754-2 and Low Smoke in compliance with EN 61034-2. Suitable for applications inside false ceilings and floating floors and installations in public places: schools, cinemas, theatres, underground etc..
